Dear Mr. Thompson:

There are three separate applications on this project. This application is for a grade separated crossing of the new Greenfield Road alignment.

Attached is a map to help illustrate the project. Construction of this project will begin in December of this year. Please furnish our office with an Opinion and Order to cover the new Grade Separated Crossing for the new Greenfield Road. The Railroad Company has signed the Agreement covering the work. One Agreement and ten copies of this application are attached for your information and files.

Respectfully,

Joe Schwer, PE  
Assistant Manager/Railroad Liaison
